## Experience

### Brooklyn Robot Foundry, teacher and design team, 2020-2022+

- Lead taught virtual robot-building summer classes to groups of 5-12 8-13 year olds and co-taught after school virtual classes.
- Co-taught in person robot-birthday-parties and full day robot sessions to groups of 20-30 6-9 year olds.
- Designed spreadsheets for use in inventory management and custom slide templates for teachers' use in designing lessons.
- Created online curricula and designed custom projects, totalling over 40 unique lessons, taught in 6-week-class segments to 10-12 year olds throughout the country, and created a 6 week robot 'science lab' curriculum for 6-9 year olds.

### Minecraft Username Sniping "Ember Sniping Service," 2021-2022

- Developed proprietary systems for easy deployment of servers and automated management of 'autoclaims' of valuable minecraft usernames in python 3.
- Generated over \$6,000 in revenue over a single summer, with 180 unique accounts sold.
- Led the sales process for 100+ customers with no unresolved customer complaints.

### Crystalyn Kae Inc, General Assistant, 2018-2019

- Aided with various tasks around the office including but not limited to: photoshopping photos of merchandise, heat-stamping logos onto leather bags, applying labels to merchandise, and cutting leather strips to length.
- Helped deliver merchandise and supplies across the city.

## Education

2020-2023

- Bard High School Early College Queens, 3.9/4 GPA
